

Media process

Some pull request statistics
from patchwork

(doesn't take into account pull request
acceptance status)

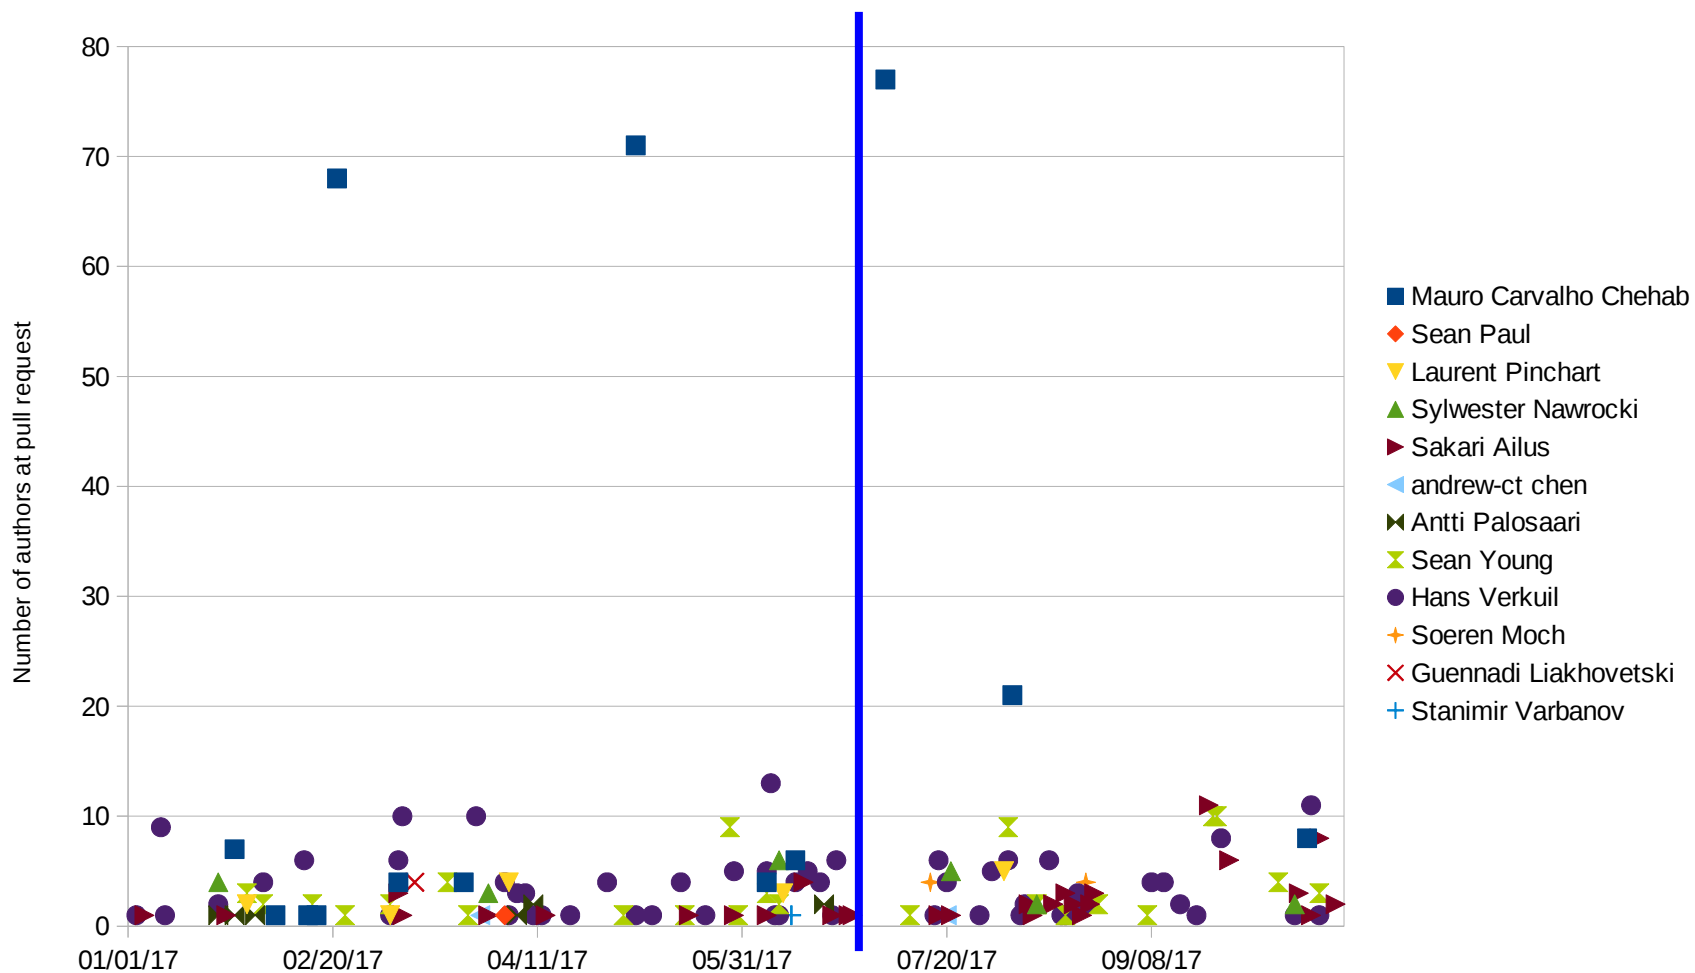

Statistics

- Total of 200 pull requests from Jan, 1st to Oct, 25.
 - Includes my pull requests to upstream
 - Almost one pull request per day (average)
 - Counting accepted, rejected and superseded pull requests

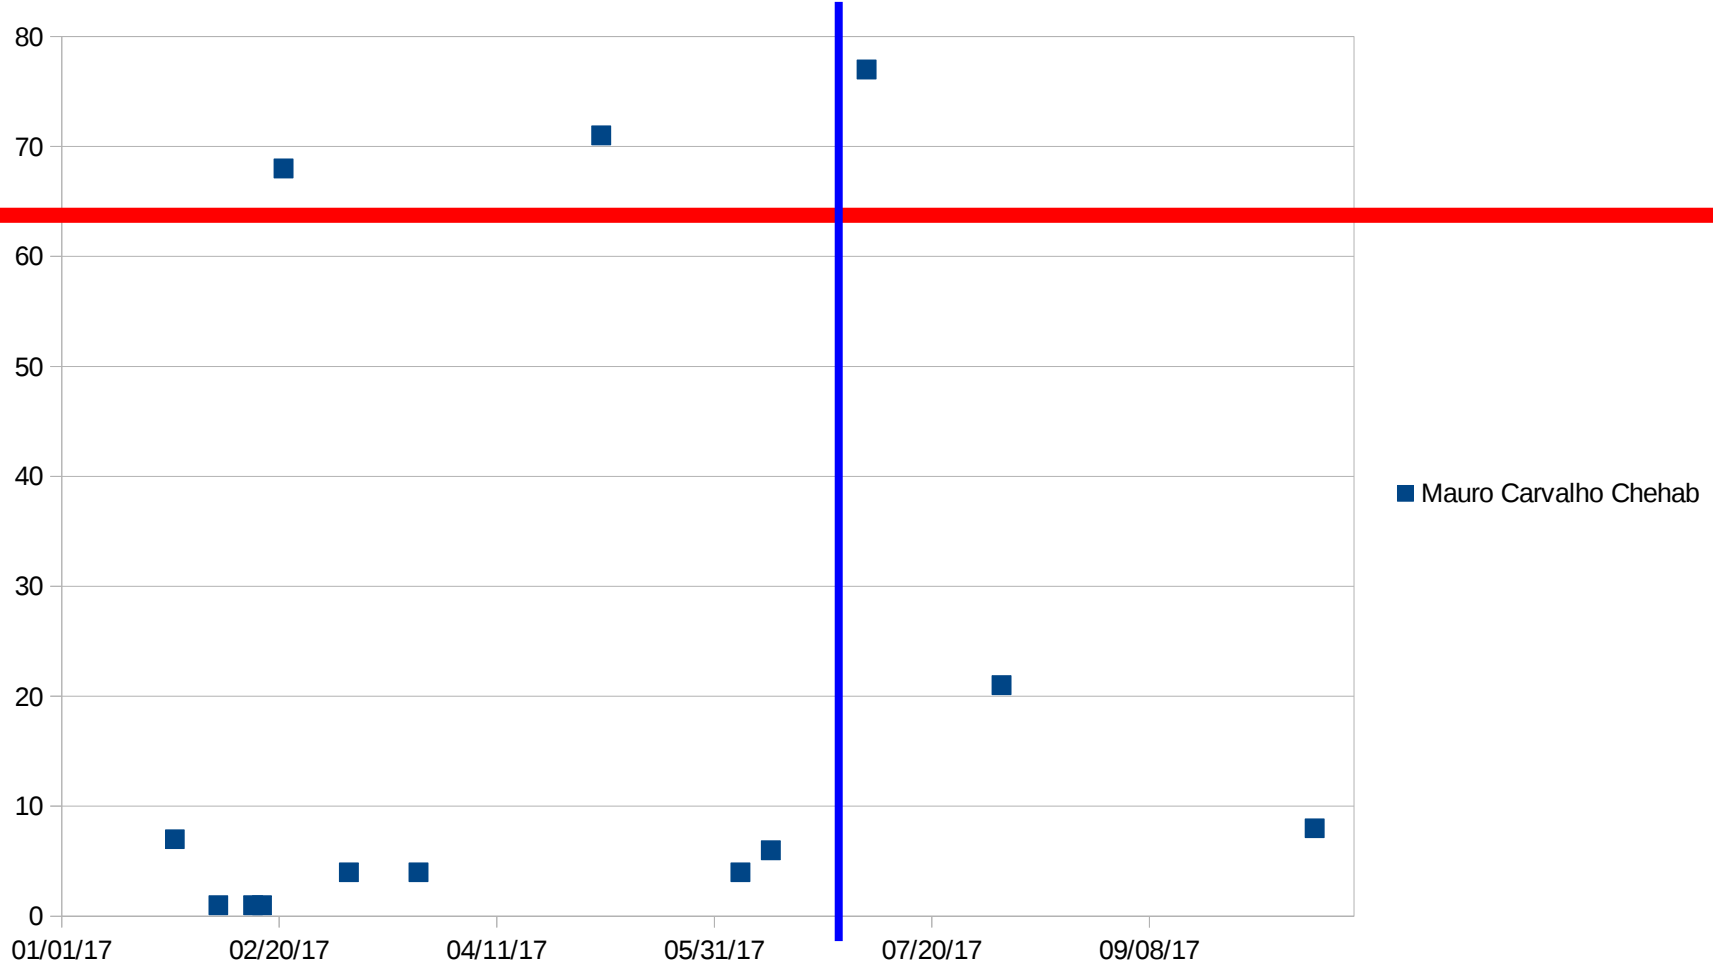

Git pull requests in 2017

Mauro – pushes to upstream

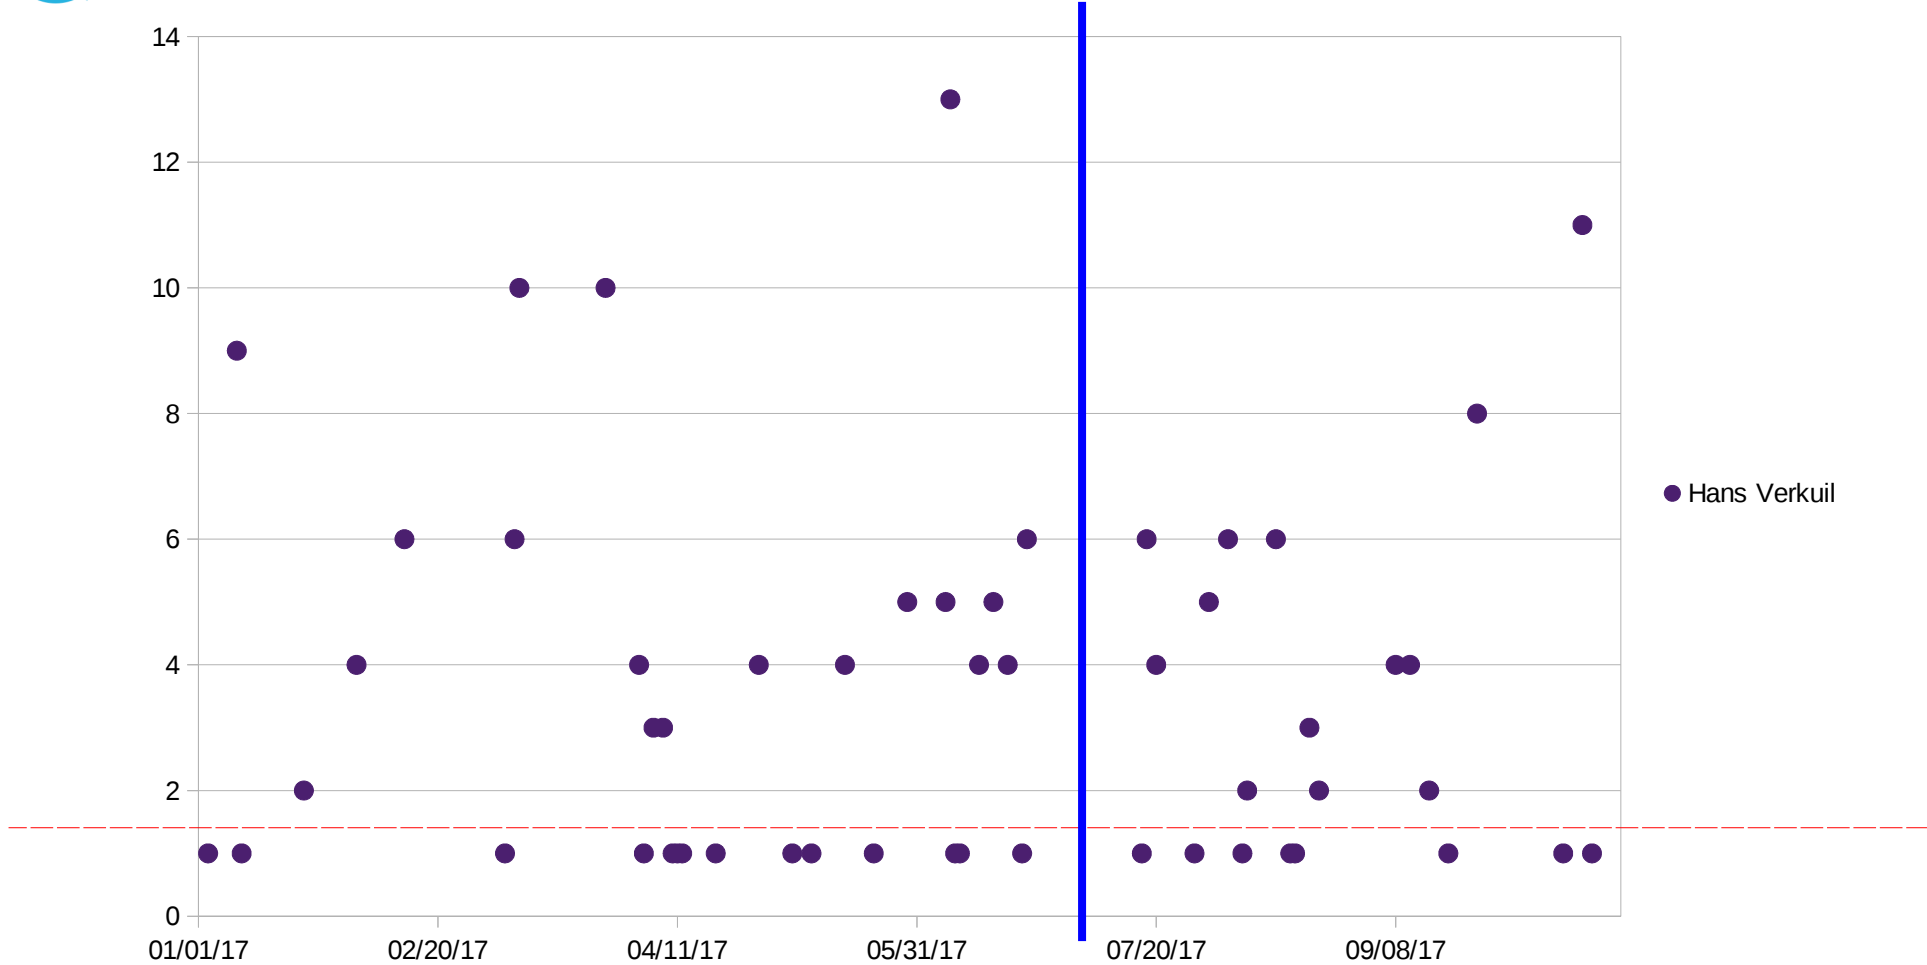

Media process

Sub-maintainer pull requests to linux-media

Note that first #media-maint IRC meeting
happened on Jun, 16 – effectively affecting
The development cycle that started on
The last 2,5 months

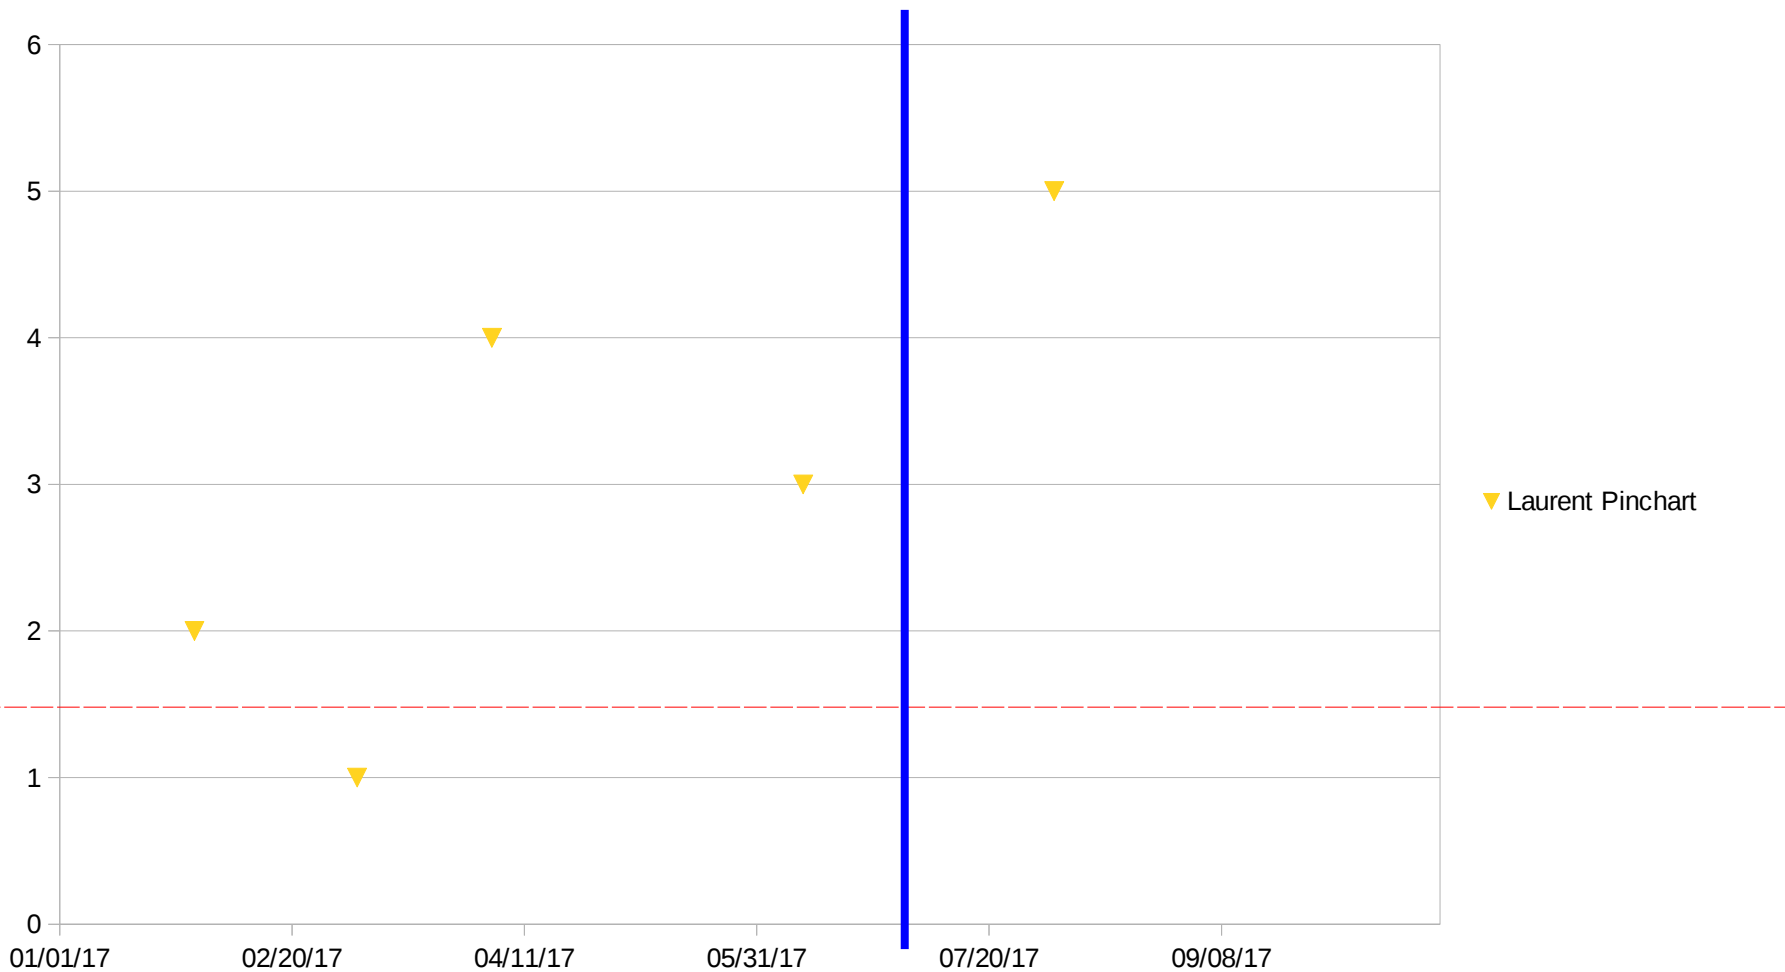

Hans (CEC and V4L2)

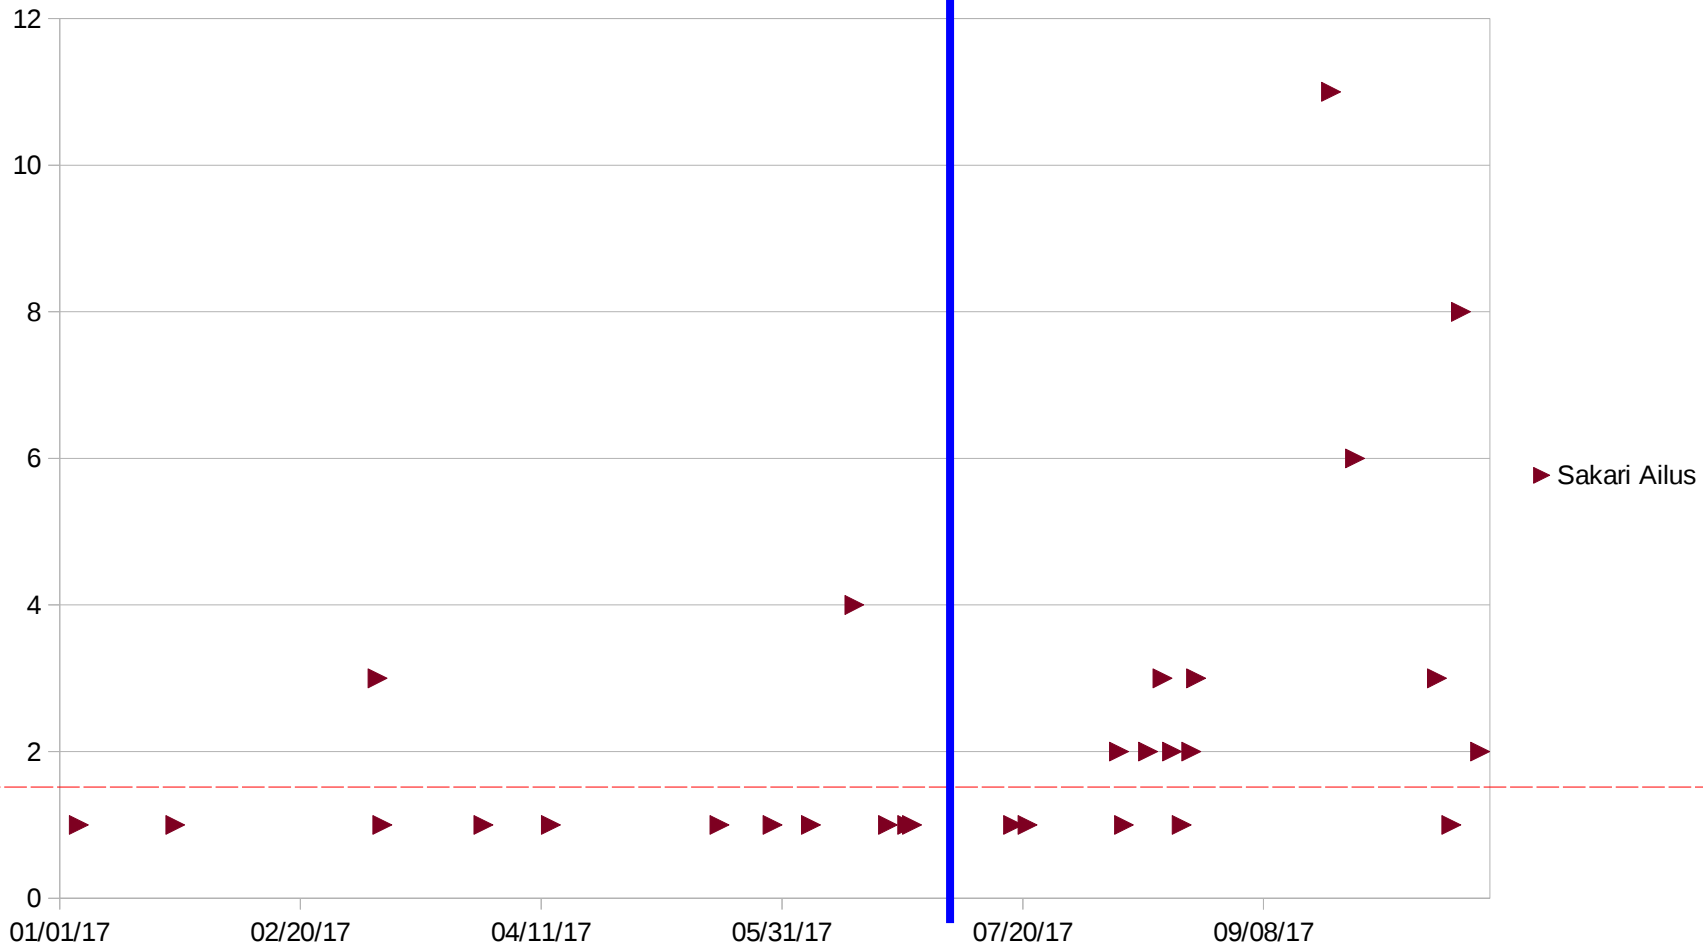

Laurent (Reneases and UVC)

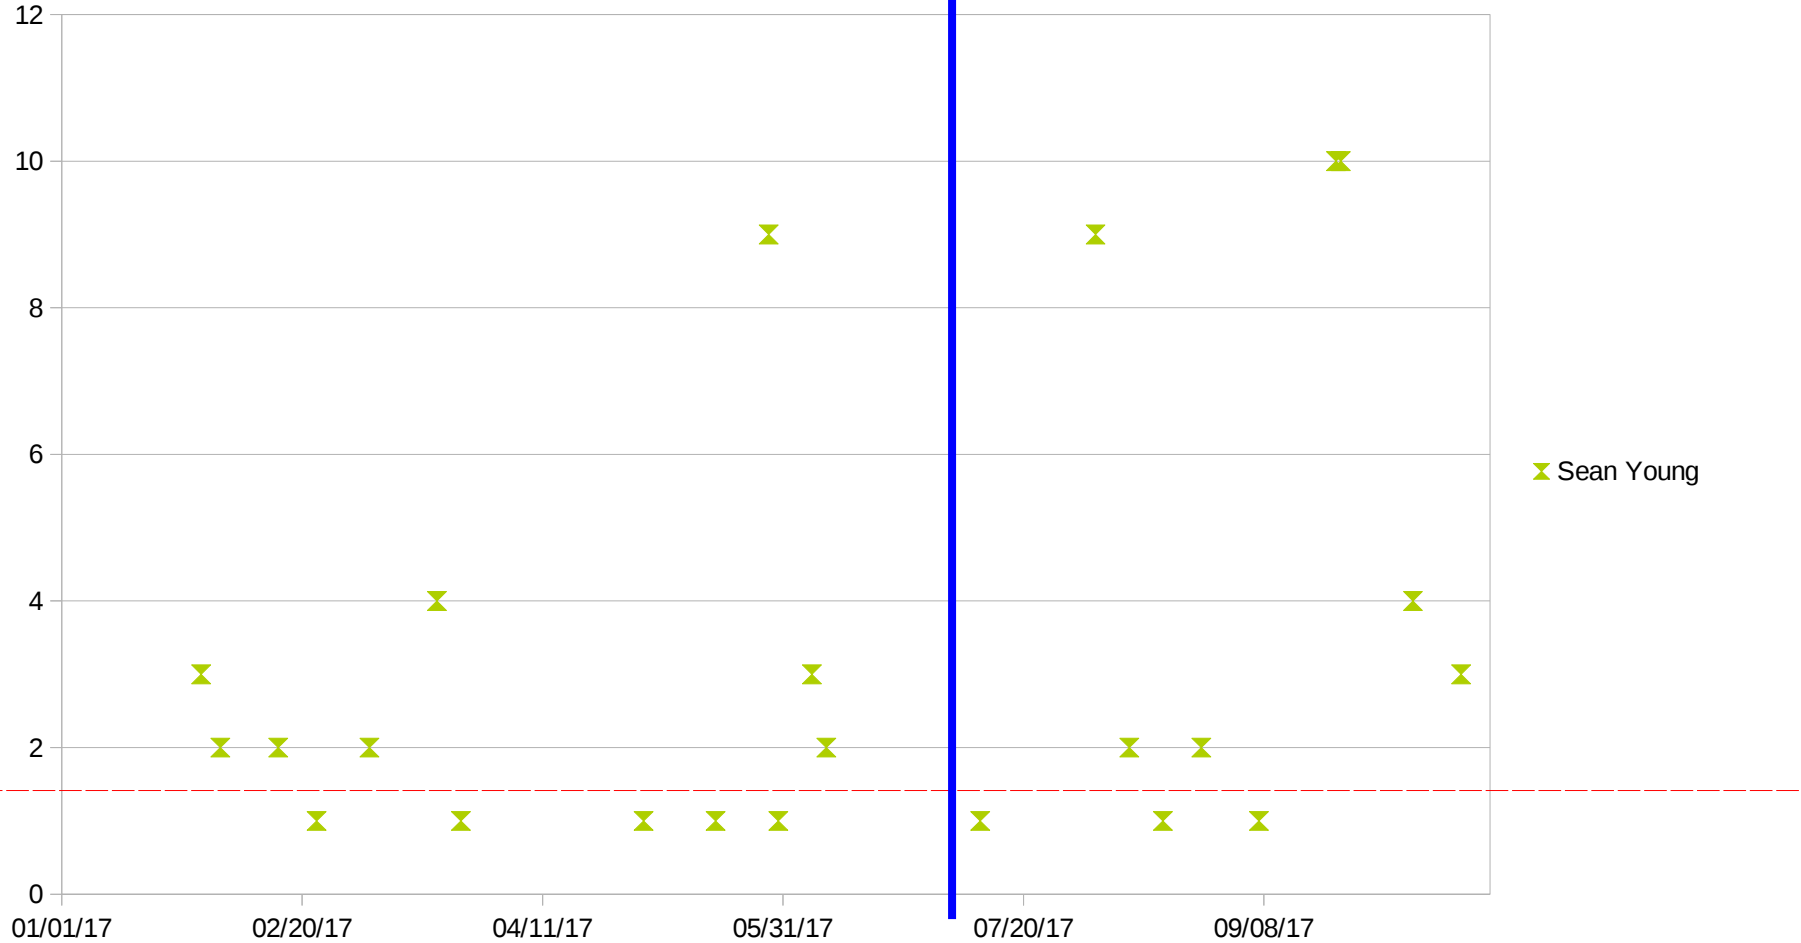

Sakari (sensors)

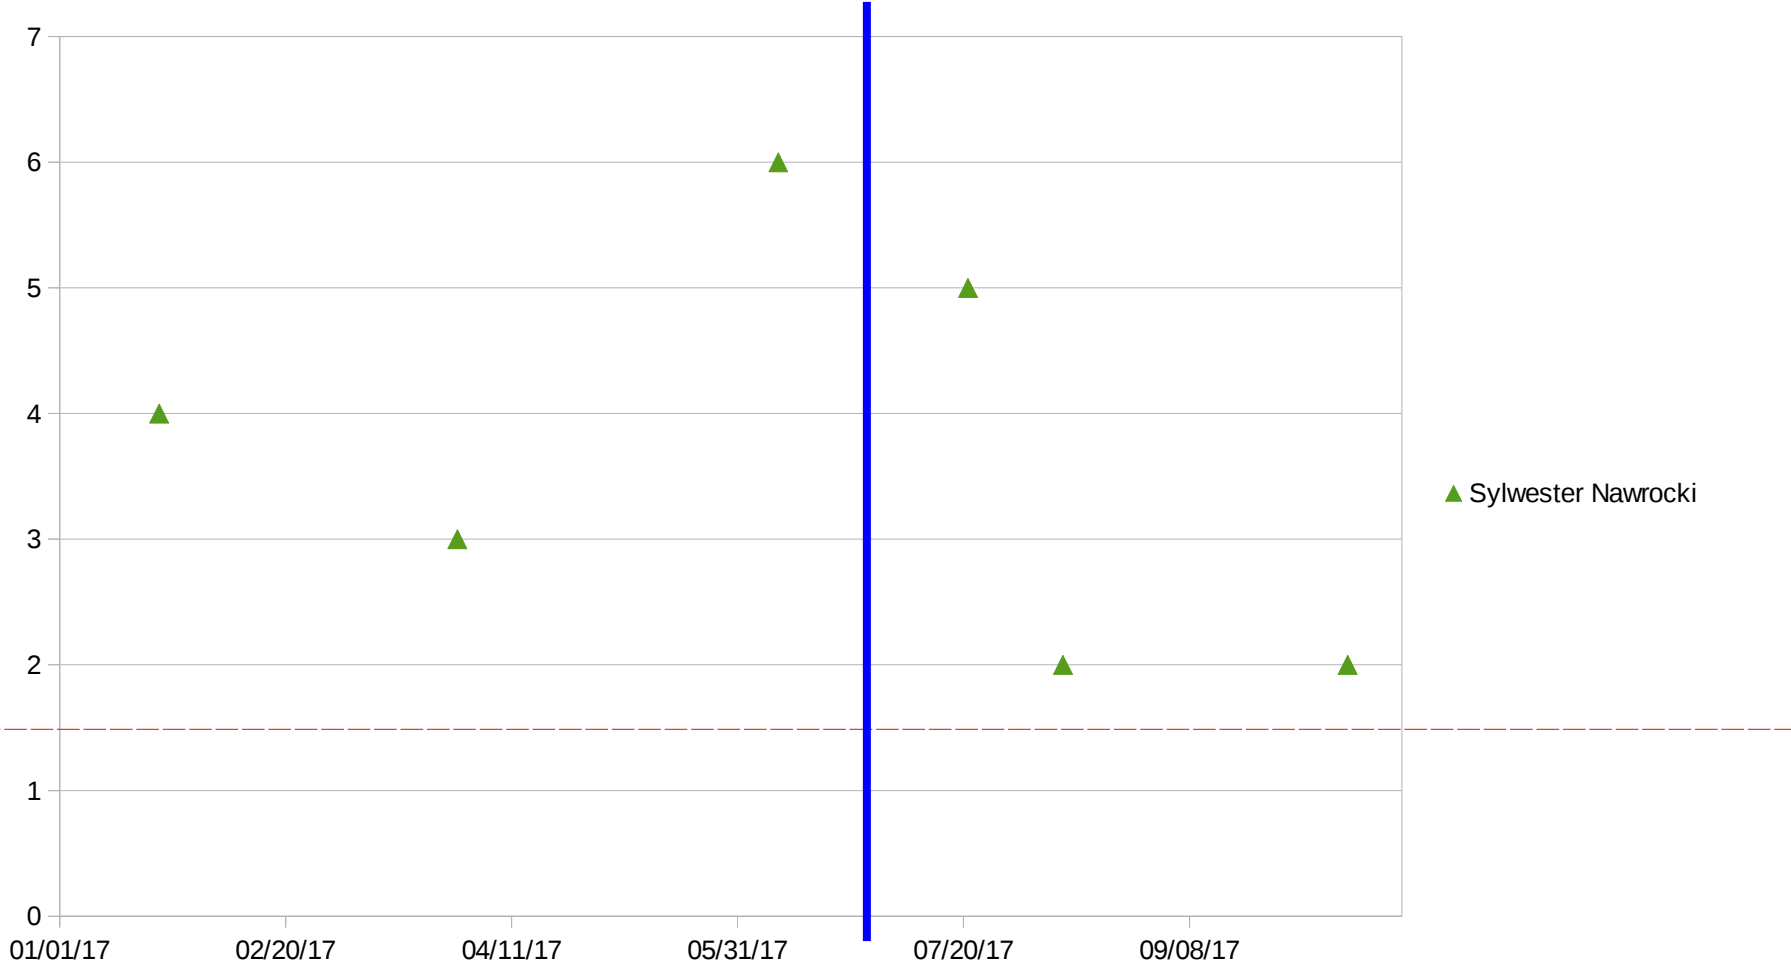

Sean (RC and some DVB)

Sylwester (Samsung)

Other pull requests
